Building Routines

Routine: Playing Ball

Repetition
- Turns Within Routine – Back and forth turns between players
- Multiple times each day – Plays ball with mom, with big sister, with dad

Beginning and Ending – Look at partner and roll ball to begin – Crawl away to a new toy to end or say "no"

Logical Sequence – Get ball, roll, say "ball", partner takes turn and returns ball, child rolls again

Meaningful Use of Family Objects, Child's Toys, Family Words – Child's ball, "ba-ba"

Functional Outcomes – Naming ball, rolling and catching, turn taking
